

CONTEXT:

KELLY and MARK had a very passionate relationship when they were at uni, but then she took a job opportunity abroad and decided that it was better to end it than try the whole long distance thing.

She stayed abroad for five years and only recently came back.

Mark is now engaged to JENNY, a nice girl who had a crush on him for years and who finally managed to make her dream come true.

Mark and Kelly met again by chance and quickly fell for each other again, ending up in bed together.

She sneaked out in the middle of the night.

INT./EXT. KELLY'S HOUSE - DAY

Someone knocks at the front door -- Kelly opens -- Mark's standing there.

She just stares at him, awkward.

MARK

Well?

KELLY

Well what?

MARK

You snuck out.

KELLY

Yeah.

He waits for more.

KELLY

What do you want me to say?

MARK

I don't know. 'Sorry'?

KELLY

Come on, we both know what last night was.

MARK

Bollocks.

KELLY

You're engaged!

MARK

Do you think I cheat on my fiancée
all the time?

KELLY

No. No, of course I don't...

MARK

Four years. I've been waiting for
you for four years. Then I finally
meet Jenny, and you decide to come
back and fuck it all up!

KELLY

I never asked you to wait for me.

MARK

Oh, that's all right then.

KELLY

What do you want me to tell you?
That I regret going away? That I
made a mistake and that I still
love you??

MARK

Do you?

She looks away.

KELLY

I didn't mean to fuck things up for
you. I'm sorry.

She looks at him -- he kisses her -- she kisses him back.

END.
